**SUCCESSFULLY COMPLETED
PROJECTS**

7+

YEARS OF EXPERIENCE

Recon industries - a leading manufacturer and supplier of commercial kitchen equipment in India since 2018. During this journey of **7+ years** company has grown multi-fold and has executed several prestigious commercial kitchen projects in many sectors like hotels, corporate institutions, wedding/industrial caterers, schools/colleges and hospitals canteens, etc.

We undertake commercial kitchen equipment's turnkey projects of **hotels, restaurants, cafes, fast food chains and industrial & institutional canteens**. By offering tailored AutoCAD designs and layout planning, it's much easier for clients to visualize and understand how their kitchens will function efficiently. It's not just about the physical space, but also about the flow of operations—like where different stations are placed and how traffic moves through the kitchen. This can really improve productivity and reduce operational bottlenecks. Also, we provide the entire range of imported kitchen equipment such as **combi oven, convection oven, dishwasher, vegetable preparation, meat processing, bakery or pizzeria equipment, coffee machine, tabletop equipment, ice cube machine, juicers, refrigeration, cooking range, catering equipment** and many more.

Mission

We focus on long-term business success by embracing change and encouraging innovations through the distribution of premium kitchen commercial equipments and services, withholding our company values.

Vision

To be a global leader committed to serve hospitality industry with most trusted, reliable innovations, providing best-in-class products, exceptional expertise and a passion for quality and customer satisfaction.

Value

Our commitment to deliver the utmost quality in everything we do -ensuring that our people, products, philosophy and practices support and advance the best quality of life.
